

Wine List

If food is the body of good living, wine is its soul.

The Selkirk is pleased to offer a variety of wines that encompass samples of some of the most well-known grape varieties and wine growing regions of the world.

"Wine to me is passion. It's family and friends.

It's warmth of heart and generosity of spirit.

*Wine is art. It's culture. It's the essence of civilization and the art
of living."*

Robert Mondavi, "Harvests Of Joy"

Our wine list contains wines that have been sealed with a "Stelvin" closure – better known as a screw cap. This is by no means a reflection on the quality of wine that you have chosen – merely the winemakers' move to preserve the quality of their wine and preserve what is left of the world's diminishing cork trees.

Riesling

Floral, Mineral and Aromatic

Indigenous to Austria and Germany, the characteristics of a Riesling wine are heavily influenced by climate. New World Rieslings take on melon-like aromas, whereas Old World Rieslings are citrusy. In either case, they are an ideal match for Island seafood!

Malbec

Soft, Elegant and Rustic

Malbec truly comes into its own in Argentina, where it is the major red varietal planted. Much of the Malbec vines there were transplanted from Europe. A mid-season ripener, it can bring very deep color, ample tannin, and a particular plum-like flavour.
